

Prayer to the Most Loving Infant Jesus

O MOST loving and blessed Infant Jesus! Great God and Lord of Heaven and earth, Thou hath hidden Thy Divine Majesty under the lovable semblance of a child before Whom the powers of the heavens tremble, the mighty kings of the earth bow, and the evil spirits under the earth must bend. Though Thou art the Almighty God, for love of us Thou didst become a little Child, so that we might love Thee more ardently, serve Thee more faithfully, and humbly follow Thine example in childlike purity and love. I, a poor sinner, bow down humbly before the great God concealed in this lovable Child and adore Thee. I love Thee as the highest and most loving God. I entrust myself to Thine infinite Goodness. Oh teach me after Thine example to love humility and crush pride, to desire to grow in virtue and childlike trust. Direct and rule me and make me virtuous, that I may please Thee and be little in this world and be united with You in the next. Amen.
